

The Death Notification Service

**death
notification
service.**

Following the death of a friend or family member, it can be hard to have the same conversation with multiple organisations; repeating the same story time after time.

The Death Notification Service is a free, online service that allows you to notify participating banks and building societies of the death of a family member, friend or care home resident.

By completing the form at deathnotificationsservice.co.uk you can make one quick and straightforward notification that will then be used to contact all the participating organisations.

Each bank or building society will then contact you within 10 days to advise you of the next steps, which will be specific to the types of accounts and products the deceased held.
